

Detailed instructions for accessing A/S/I/Aweb

At several points through this course, we will invite you to view videos from filmed productions of Shakespeare available from the Asian Shakespeare Intercultural Archive, or A/S/I/Aweb.

1. Go to [Asian Shakespeare Intercultural Archive \(A/S/I/A\) website](#) (or follow the link from the ENG112X courseware.)
2. You will be prompted to choose your preferred language (this should happen only the first time you access A/S/I/Aweb in a given browser).
3. Go to **User Login** at the top right of the page and click on it.

4. You can log on with this account:
username: **ShakesMOOC**
password: **Mooc_Asia2014**
(Both are case sensitive.)
5. This will take you to a page reserved for our course. A **My Toolbox** window will appear.
6. Click on the clip you would like to see, and it should start playing.
7. If you would like to see the entire production, simply click on the "Productions" tab and search for the production. Enjoy!
